

Wedding Contract

WEDDING LOGISTICS

Your wedding day will run to a schedule where getting ready is concerned. This will be arranged with you prior to your special day.

Please ensure all members of the wedding party are on time; tardiness will result in reduced time for the specific member and in extremely late cases, will result in that member forfeiting their service. This will ensure the day runs smoothly and to schedule. Time management is very important in preparing for your wedding to ensure a calm environment is maintained.

All services required must be booked and a non refundable deposit is required to secure your wedding date. This includes any services required for bridesmaids, flower girls, mother of the bride/groom or additional guests. **Bookings for trials and wedding day will remain provisional until your non refundable deposit is received.** Your deposit amount equates to the cost of the trials and any travel charges in relation to the trials. If no trials are being carried out, the deposit amount will be a flat £50. Additional services cannot be added on the wedding day. The bride must confirm and commit to the number of services booked; any services not required must be cancelled 4 weeks before the wedding date, if cancelled after, 50% of the service cost must be paid.

The final balance for the wedding will be due via cash, bank transfer or PayPal **one week** before your wedding day. An invoice will be raised for this amount and emailed to you on the day your payment is due. The invoice will give all of the required information for payment to be made.

Treatments such as tans, nails, brows and lashes will not be carried out on the day and are best done the day/ evening before the wedding, or prior if necessary, unless otherwise agreed.

TRIAL

A trial of the required services is recommended to ensure the desired look is achieved. This is entirely the choice of the bride, however if a trial is not carried out it cannot be guaranteed that the desired outcome will be achieved in the time available. (A skin test must be undertaken at least 48 hours before lash or brow treatments, to ensure no allergies are present.)

ON THE DAY

Your therapist will need a designated area to set up when on location; the bride will be responsible for clearing an area prior to the arrival of the therapist, which will be 5-10 minutes before the first scheduled client. The area should be in natural light for makeup application, have access to power and be away from walk through zones. Insufficient work areas are not the responsibility of the therapist, therefore any problems that arise where these guidelines have not been met; the therapist will not be held liable.

TRAVEL

Travel expenses are to be covered by the bride, will be charged at 50p per mile (rounded to the nearest pound) for a round trip outside a 10 mile radius from Sennen, and will be invoiced to the bride along with the full treatment fee. Any parking, congestion charges, toll or accommodation charges are to be covered by the bride.

LARGE BRIDAL PARTIES

In the case that there is a large amount of people that require services, arrangements will be made to use another therapist if the main therapist sees fit to do so. This will be of no extra cost to the bride, and will ensure all clients will receive their treatment in a timely manner. It must be disclosed to the therapist the amount of clients and services required on booking, to allow enough time book the extra therapist if required.
