

## Wedding Contract

### **WEDDING LOGISTICS**

Your wedding day will run to a schedule where getting ready is concerned. This will be arranged with you prior to your special day.

Please ensure all members of the wedding party are on time; tardiness will result in reduced time for the specific member and in extremely late cases, will result in that member forfeiting their service. This will ensure the day runs smoothly and to schedule. Time management is very important in preparing for your wedding to ensure a calm environment is maintained.

All services required must be booked, and a deposit of approximately 25% of the final fee paid on booking to secure your wedding date. This includes any services required for bridesmaids, flower girls, mother of the bride/groom or additional guests. **Bookings for trials and wedding day will remain provisional until your deposit is received.** Additional services cannot be added on the wedding day. The bride must confirm and commit to the number of services booked; any services not required must be cancelled 8 weeks before the wedding date, if cancelled after, the full amount for the service must be paid.

The final fee for the wedding will be due via cash, cheque or bank transfer 1 week before your wedding day. An invoice will be raised for this amount and sent to you via the desired method i.e. hand delivered/post/email. The invoice will give all of the required information for payment to be made.

Treatments such as tans, nails and eyelash extensions will not be carried out on the day and are best done the day/evening before the wedding, or prior if necessary.

### **TRIAL**

A trial of the required services is recommended to ensure the desired look is achieved. This is entirely the choice of the bride, however if a trial is not carried out it cannot be guaranteed that the desired look will be achieved in the time available. (A skin test must be undertaken at least 48 hours before semi permanent lashes are being applied/brows are tinted, to ensure no allergies are present.)

### **ON THE DAY**

The therapist will need a designated area to set up when on location; the bride will be responsible for clearing an area prior to the arrival of the therapist, which will be 15 minutes before the first scheduled client. The area should be in natural light for makeup application, have access to power and be away from hairdressers and walk through zones. Insufficient work areas are not the responsibility of the therapist, therefore any problems that arise where these guidelines have not been met; the therapist will not be held liable.

### **TRAVEL**

Travel expenses are to be covered by the bride, will be charged at 45p per mile for a round trip outside a 20 mile radius from Sennen, and will be invoiced to the bride along with the full treatment fee. Any parking, congestion charges, toll or accommodation charges are to be covered by the bride.

### **LARGE BRIDAL PARTIES**

In the case that there is a large amount of people that require services, arrangements will be made to use another therapist if the main therapist sees fit to do so. This will be of no extra cost to the bride, and will ensure all clients will receive their service in a timely manner. It must be disclosed to the therapist the amount of clients and services required on booking, to allow enough time book the extra therapist if required.
